## *We need volunteers!*

- **What is a Point in Time count?**

The annual Point in Time Count is a 24 hour count of the homeless in Anderson County.

- **Who counts the homeless?**

Volunteers go out into the community and count homeless individuals.

- **How do volunteers count?**

Volunteers go in groups of 2 or 3 into the community to assigned locations and look for homeless individuals. (Examples of places we look: parking lots, parks, around sources of water, and greenways)Volunteers complete a short survey concerning the homeless individual such as age, gender, where they slept last night ect.

Then they return the surveys to TORCH.

- **Why is this important?**

Congress uses the data collected on the night of the Point In Time Count to make funding allocation decisions. This data helps bring more resources into our county. To help those who need it the most.

- **What is the time commitment to volunteer?**

Volunteers for the count must attend an hour long volunteer training to learn how to complete the survey. Trainings will be held on **Thursday, January 16th, at 6:00 pm, and Thursday, January 23rd at 10:00 am.** Both trainings will be held at the TORCH building at 320 Robertsville Road Oak Ridge, TN 37830.

At the training volunteers will sign up for 3 hour time commitment for the PIT count on January 28th, 2013.

- **How do I volunteer?**
